FAMILIES & CHILDREN

12 and under

Family Fare

Children aged 12 and under travel for free at any time when accompanied by a fare-paying person.

Children wishing to travel on their own (as long as they are old enough to do so and self-sufficient) are entitled to the Student fare.

Paratransit

The fares for these services are the same as the regular transit system, except for the electronic purse (E-wallet), which is not offered due to the absence of a validator in the vehicles. Therefore, cash payment for these services is charged at the same fare as the E-wallet, depending on the client's category.

Questions and comments

If you have questions about our fares and payment methods or would like to share a comment, please call our Customer Service at 819-770-3242.

Comments can also be submitted online at any time through sto.ca/contactus

*Subject to change. For terms and conditions, go to sto.ca

Problem encountered when validating your pass

If you run into a problem while validating your pass and the payment is not accepted, you must pay your fare some other way. A receipt cannot be used as proof of payment/validity of the pass.

You should always be prepared to have your pass verified. A pass used fraudulently could be confiscated at any time.
